The image shows a screenshot of the Canadian Dairy Network (CDN) website search interface. The page is titled "Canadian Dairy Network" and features a navigation menu with options like "Home", "Company", "Calendar", "Links", and "Contact Us". There are three main search sections: "Search by Registration Number", "Search by Name", and "Search by Semen Code".

- Search by Registration Number:** This section has four dropdown menus: "Breed" (set to "Holstein"), "Country" (set to "Canada"), "Sex" (set to "Female"), and "Registration Number" (with the value "9720342" entered). A "Submit Query" button is located to the right.
- Search by Name:** This section has three dropdown menus: "Breed" (set to "Holstein"), "Sex" (set to "Male"), and "Name" (with the value "Missy" entered). Below the "Name" dropdown are two radio buttons: "Name (Full or Start)" (selected) and "Short Name (Full or Partial)". A "Submit Query" button is to the right.
- Search by Semen Code:** This section has three input fields: "AI Stud Number" (empty), "Breed" (set to "Holstein"), and "Sire Code" (empty). A "Submit Query" button is to the right.

At the bottom of the page, there is a "Reset to Default Settings" button and a copyright notice: "Copyright 2011 Canadian Dairy Network - February 15, 2011. Privacy | Disclaimer | Sitemap | Contact Us | Français".

Four red callout boxes with yellow backgrounds and red borders point to specific fields in the search forms:

- The first callout points to the "Breed" dropdown in the "Search by Registration Number" section.
- The second callout points to the "Country" dropdown in the "Search by Registration Number" section.
- The third callout points to the "Sex" dropdown in the "Search by Registration Number" section.
- The fourth callout points to the "Registration Number" input field in the "Search by Registration Number" section.
- The fifth callout points to the "Name" dropdown in the "Search by Name" section.
